- 1. ILLEGAL SUBSTANCES:** Any students found in possession of illegal substances or under the influence of illegal substances will be taken for evaluation at the nearest hospital. Parents will be required to procure immediate transportation for the student to go home.
- Any medication that will be taken on the trip must be reported to the nurse **at least three weeks** ahead to allow for proper forms to be completed by the doctor and parent/guardian. If a student has a documented illness with treatment it will not suffice to state "I will NOT be taking my medication." A doctor's note will be necessary to verify this.
- If you are prescribed a medication after you turn this form in, you must report it to the school nurse immediately. You will need to get a doctor's order and parental permission to use the medication on the trip. All medication must be in the prescription bottle it was issued in.
